Passing the math exam

Description of the program: International Economy and Business is a unique business-economics hybrid programme. This programme will mould you into a well-rounded, pragmatic professional - comfortable with complex economic theory, but capable to apply it to solve real-world problems and become a leader.

You will benefit from a sound methodological foundation in multiple disciplines, from statistics to trade and intellectual property. Strengthen your theoretical background and through soft skill development and building your emotional intelligence you will use it to your benefit.

Career prospects

- Management Analyst
- Human Resources Manager
- Financial Analyst
- Economist
