

PIFIS

University: Eötvös Loránd University

Program: MSc in Chemistry

Duration: 4 semesters

Tuition fee: 4190 EUR/semester

Application fee: 160 EUR

Entry requirements to the program: Bachelor degree
High school diploma
Transcript of records
CV

Motivation letter

Letter of recommendation

Medical Certificate

Minimum level of language proficiency (A1-C2): B2

Description of the program: The goal of this program is to give an advanced level knowledge in the major fields of analytical, inorganic, organic and physical chemistry. The program involves obligatory lectures and laboratory practices in all four fields. (Semi)elective courses offer the opportunity of tuning the program content according to interest.

This program is recommended to applicants who are willing to organize their own course schedule. A good background in BSc level chemistry enables the student to focus on his/her topic of interest right from the beginning. Those who are less knowledgeable in basic chemistry must complete resuming courses.

Career prospects Chemist working in e.g. analytical, pharmaceutical, material structure research or synthetic field. Production manager, food chemist, computational chemist, researcher in chemistry etc.
