University: Corvinus

Program: MSc in Health Policy, Planning and Financing

Preparatory Price: 5500€ in total

Entry requirements to preparatory program: English level: min. A2,
Good high school grades

MSc Description: Health Policy, Planning and Financing is a multidisciplinary programme designed to train healthcare professionals (including doctors, nurses, dentists, pharmacists and therapists) and business graduates (from fields of economics, political science, sociology, public administration). The programme provides knowledge in healthcare financing, management and evaluation along with the business side of healthcare.

You will be able to critically evaluate micro and macro level problems within the healthcare sector and construct innovative solutions. The programme aims to capacitate students in devising strategies, to achieve optimal policy outcomes for the society.

Dive into the economics of health. Learn how to analyse the potential effects of the pricing and financing methods of healthcare technologies and services. Multiple compulsory modules will give you the means to understand biostatistics, public health, healthcare law & ethics, and healthcare financing.

Admission for Health Policy, Planning and Financing programme requires BA/BSc or equivalent degree in economics, social sciences or health disciplines, such as Applied Economics, Business and Management, Healthcare and Prevention, Healthcare Management, Sociology, Psychology, Public Service, etc.

Entry requirements to MSc program: Min. 785 points on the final TOEIC exam
BA/BSc diploma from a relevant field
Passing the oral entrance exam
