Description of the program: The Film and Media Studies BA program provides comprehensive theoretical and practical knowledge in the fields of motion pictures and media within an international and multicultural atmosphere. During our BA program, students will gain a general insight into the history of motion pictures and film theory studies, along with intensive experience through practical courses in various filmmaking fields such as directing, scriptwriting, cinematography, editing, sound, and production management. In addition to theoretical and practical opportunities, our department offers professional studios equipped with high-quality equipment and post-production software to assist students in their improvements.

Career prospects Through the international professional network of our department, you will find opportunities in various fields, including internships at production companies, Film Industry platforms, Hungarian and International Film Festivals, post-production, and PR companies.
