Tuition fee: 3600 EUR/semester

Application fee: 100 EUR

Entry requirements to the program: Minimum level of language proficiency (A1-C2): B2
High school diploma and transcript

CV

Motivation letter

Recommendation letters

Description of the program: By completing the programme, students become experts in international market processes, the operations of the EU, and the economic, political, and cultural impacts of globalisation. The programme includes two semesters of compulsory internship (professional practice), one of which must be realised in an international work environment, and this gives students a real competitive advantage in the job market worldwide.

Career prospects The general training in business economics and the international orientation of the programme allow you to achieve success in competitive multi-national jobs fast-tracking your career as a practicing economist.
