

PIFIS

**University:** Budapest Business School – University of Applied Sciences

**Program:** BSc in Finance and Accounting

**Preparatory Price:** 5500€ in total

**Entry requirements to preparatory program:** English level: min. A1,  
Average high school grades

**BSc Description:** The programme provides interdisciplinary knowledge that fulfils labour market requirements. Those in possession of such in-depth knowledge and practical skills are able to identify and solve problems in the economic and business fields. Applying a complex set of knowledge, they are able to understand economic processes and respond creatively to challenges in the business world. Economics and accounting graduates from the Bachelor's programme can use their professional knowledge to contribute to informing and making decisions in the field of business. Their communication skills and professional foreign language skills ensure effective cooperation with partners and professionals.

In this programme they train economic professionals who, with their strong theoretical and practical knowledge and skill base will be suitable to

- establish and operate the business processes of enterprises and institutions;
- manage and perform accounting and financial tasks;
- analyse, evaluate and control financial management;
- inform financial, investment, financing and capital layout decisions;
- make financing decisions independently;
- use negotiation and presentation techniques and professional persuasion skills;
- use modern information technology equipment.

**Entry requirements to BSc program:** Min. 605 points on the final TOEIC exam  
Final math exam passed with at least 70%
