Medicines only include such medicines that are registered and approved in Hungary (supplements and preventive medicines excluded, not cover by insurance). Medicines covered by the insurance can be bought under the insurance at any pharmacy in Hungary, and a preliminary approval from the Insurer is not necessary for the purchasing (but necessary prescription, medical indication), if the applying of medicines are ordered by Medicover Zrt. In other cases the Insured is obliged to directly pay the cost of these health services to health care provider against an invoice. The claim for refund of the cost must be notified the Insurer in writing no later than 15 days after the date of the invoice for such health service, and it is also necessary to attach documents defined in Conditions. The Insurer will judge the claim for benefit within 15 days of its submission.

1. How to use of health and medical services and useful information

1.1. For the purpose of using health services, the Insured is obliged to proceed as follows:

1. Checking in at Medicover through the CallCenter (on business days and daytime) and through 24-hour health counseling phone line in case of urgency »
2. Checking of coverage based on the member ID been on Medicover Card and personal details (please have your card and personal ID readily available) »
3. According to health problems and demands, discussing about the health service to be provided, its time and place »
4. Visiting the service point organized by Medicover at the agreed time, and within 48 hours in cases of acute health case »
5. For the purpose of the Insured's identification, a document with photo, suitable for personal identification, must be presented at the Medicover service points »
6. Use of health services

1.2. The Insurer and Medicover Zrt. will assume unlimited liability only if the instructions of Medicover health care provider and the Insurer are followed, and the procedure is in line with the instructions and guidance given by the health care provider's staff.

1.3. In Hungary, calling the ambulance by dialing 104 is compulsory in cases of rescue and recommended in cases of emergency.

1.4. Health care services available to the Insured are provided by Medicover Zrt. or, in the case of services not available at Medicover Zrt., the necessary and appropriate health care services are organized and their availability to the Insured ensured by Medicover Zrt.

1.5. Insureds are free to call Medicover Zrt.'s 24-hour health counseling phone line.

The service organizer records and stores the telephone conversations in accordance with the effective Hungarian laws. The telephone service is available to the Insureds throughout the insurance term, without any time restriction, that is, 24 hours a day.

1.6. Health counseling and CallCenter services by telephone will in no event substitute personal consultation with a doctor or a medical examination or other health care services. In cases of rescue and emergency, it is highly recommended to call the ambulance and/or visit an emergency medical facility, because it is not possible to make an accurate diagnosis, give medical examination and treatment, or prescribe medicines or pharmaceutical equipment on the telephone. The party receiving information on the telephone is responsible for the interpretation and any use of such information, so neither the Insurer nor the service organizer accepts responsibility in this respect. The Insurer and the service organizer are not obliged to organize any such health care service that is not covered by the insurance, regardless of whether or not such service is medically justified and necessary. In this case, the Insured is responsible for the use of the appropriate health services.

1.7. Medicover Zrt. will treat personal details and information obtained during a telephone conversation in accordance with the effective Hungarian laws, in particular, those relating to data protection.
