

PIFIS

University: Eötvös Loránd University

Program: BA in Motion Pictures

Preparatory Price: 5000€ in total

Entry requirements to preparatory program: English level: min. A2,
Average high school grades

BA Description: This program is recommended to applicants who wish to enter the motion picture industry, which is one of the most attractive fields of the creative industry of our times and is in continuous transformation and expansion, inviting new talents and creative ideas. Students enrolling in the BA in Motion Pictures Studies at ELTE can gain knowledge in the making of motion pictures focusing on directorial skills with the help of well-prepared professors and small group education. Students will get acquainted with the creative, artistic approaches and the technological skills of the creation of motion pictures through practices of storytelling and direction of different forms of motion pictures and will gain basic knowledge in cinematography, editing and production.

This program enables students to gain experience in the field of motion picture production including creative artistic, technical and financial decisions. During their studies they will also get acquainted with the history of motion pictures and the intermedial relations of film and other arts, like music, fine arts or literature. The BA in Motion Picture Studies will enable them to produce works in different fields of creative industry such as short or long feature films or documentaries, television or online media products, music videos, and other motion picture products.

Entry requirements to BA program: Minimum level of language proficiency (A1-C2): B2
Passing the entrance exams (written and oral)
Link to a motion picture product (max 3 mins.)
The synopsis of a future film project
CV and Motivation Letter
