

PIFIS

University: Eötvös Loránd University

Program: BA in Finance and Accounting

Preparatory Price: 5500€ in total

Entry requirements to preparatory program: English level: min. A1,
Average high school grades

BA Description: The primary goals of the Economist in Finance and Accounting Programme at Eötvös Loránd University are to familiarise students with economic processes both on macro and micro level and to acquaint them with the European monetary and business environments with a focus on finance, accounting, and controlling.

This program is recommended to applicants who wish to become specialists in finance, accounting and controlling, coupled with an up-to-date approach to business economics.

This program enables students to become experts in economics and financial planning, to manage financial projects and to help financial decision-making in companies.

The Finance and Accounting BA Programme has a strong international orientation, yet it embraces a general approach to business economics. By studying international market processes and the operation of the EU and its economic, you will learn about the operation of international organisations and the related issues of finance, management and communication.

Entry requirements to BA program: Minimum level of language proficiency (A1-C2): B2
Passing the oral entrance exam
